## Textile Products For After Market

ICT Textile After-Market Products	Description	Benefits
<b>Fluorinated Protectors</b>	(short chain)	
Water-based Fabric Protectors		
<b>Thetapel AM-5010</b>	Mildly cationic Low VOC Ambient cure Aqueous-based	Durable repellent & protector for broad range of substrates. Imparts oil & water repellency. Easier cleaning. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
<b>Thetapel AM-5050PE</b>	Mildly cationic VOC-free Ambient cure Aqueous-based	Durable oil & water repellent and protector for polyester textiles used in upholstery, apparel, & outdoor fabrics. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
<b>Thetapel AM-5037</b>	Mildly cationic Low VOC Ambient or heat cure Aqueous-based	Durable repellent & protector for broad range of substrates. Imparts oil & water repellency. Easier cleaning. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
<b>Thetapel AM-5030</b>	Cationic Low VOC Low temperature cure Aqueous-based	DWR product with excellent spray rating and repellency. Provides soil and stain resist protection. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
Solvent-based Fabric Protector		
<b>Thetapel AM-5012</b>	Near odorless Nonionic Ambient cure Solvent-based	Imparts oil & water repellency. Enhances cleanability, especially for oily soils. Does not affect appearance, feel, color, or odor of the treated surfaces.
Water-based Upholstery Protectors		
<b>Thetaguard AM-2030</b>	Cationic Low VOC Freeze/Thaw stable Aqueous-based	Protector which delivers durable oil & water repellency, stain resistance, and durable dry soil resistance. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
<b>Thetaguard AM-2040</b>	Anionic Low VOC Freeze/Thaw stable Aqueous-based	Protector which provides durable anti-soil benefits, oil & water repellency, and stain protection. Apply with trigger spray or low-pressure sprayer. Do not aerosolize.
Nonfluorinated Protector		
<b>Flexipel HR-C400</b>	Cationic Aqueous-based	Water repellent and protector for upholstery and fabrics. Provides spray ratings with heat or ambient cure.
Bio-based content		
<b>Wrinkle Release</b>		
<b>Flexistat WR-152</b>	pH neutral, color-safe Does not stiffen	Wrinkle release and fabric conditioner. Spray during hang-drying or apply as ironing aid.
<b>Antistatic Agents</b>		
<b>Flexistat BK-50-7</b>	Anionic, aqueous-based	50% actives antistat with low odor and low color.
