Carpet Care

ICT Products for Carpet Care	Benefits
Carpet Cleaning Products	
Flexiclean CC-560G	Dispersant polymer used in encapsulating cleaning formulations. Ultra-low VOC. Includes renewably sourced content.
Flexiclean CC-630	Functionalized dispersant for acid pH & peroxide cleaning formulations. Ultra-low VOC. Suitable for use on wool.
Flexiclean CC-307	Functionalized dispersant polymer that is combined with builders, co-solvents, and/or chelates for encapsulating cleaning formulations.
Repellents and Protectors	
Theteguard AM-2030	Cationic, partially-fluorinated protectant which imparts durable soil resistance, oil & water repellency, and stain resistance. Low VOC. Freeze/thaw stable.
Theteguard AM-2040	Anionic, partially-fluorinated protectant which imparts durable soil resistance, oil & water repellency, and stain resistance. Low VOC. Freeze/thaw stable.
Specialty Polymers for Carpet Care	
Flexisperse 318	Anionic, encapsulating dispersant polymer (ammonium salt) which dries to hard, brittle film. Enhances dry soil resistance & stain resistance.
Flexisperse 305	Anionic, encapsulating dispersant polymer (Na salt) which dries to hard, brittle film. Enhances dry soil resistance & stain resistance.
Flexisperse 220	Acid polymer dispersant & builder. Enhances stain & soil resistance. Acid Rinse. Peroxide stable. Reduces scale build-up in carpet cleaning equipment.
Flexisperse PM-25	Anionic soil resist polymer additive with reduced re-soiling. Compatible with anionic & nonionic surfactants, builders, & other polymers.
Flexisperse AM-210	Anionic polymer which provides stain blocking & soil resistance. Formulates readily with cleaning products. Effective at low use levels.
Flexisperse 550A	Anionic, acid-side dispersant polymer which provides stain & soil resistance. Ideal for nylon and wool, and peroxide-stable cleaning formulations & protectors.
Surfactants for Carpet Care	
Flexisurf LO-30	Coconut oil based nonionic surfactant to enhance & stabilize foam, build viscosity, wetting, & detergency. Stable in acidic, alkaline, & peroxide systems.
Thetawet FS-8020DB	High foam anionic fluorosurfactant. Enhances soil resistance. LVP VOC content. Stable in highly acidic or basic formulations, and hard water.
Flexisurf X-5	Multi-functional surfactant for solvent-free and low VOC cleaners. Replacement for alkylphenol ethoxylates. Breaks up greasy soil particulates.
Flexisurf MCO-30	Nonionic, coconut oil based surfactant which has a thickening effect. Foam booster. Stable in acidic, neutral, alkaline, & peroxide systems.
Flexiwet WBD	VOC-free, nonionic surfactant with powerful wetting & detergency properties. Rapid dynamic surface tension. Phosphate-free and APEO-free.
Odor Absorber for Carpet Care	
Flexisorb OD-202	Zinc ricinoleate based odor neutralizer designed for carpet and upholstery. Contains renewably sourced content derived from castor seed oil.
